Subject: A site needing an ad for Admin Record

Hi Libby – I have a site that needs an ad for the Admin Record, called the Tatooine Industries Abandoned Mercury Site. There are three documents that form the A/R that have been entered into SDMS in the Records Center. It was an emergency response so we only have to have a repository here at our building, and not anywhere near the site.

However, we still have to place an ad. The closest town with a newspaper would be Cheyenne, Wyoming.

Can you or somebody in your group help me with that? Thank you!

Joyce
